

RYAN MITCHELL, PRESIDENT – LEGACY CAPITAL MANAGEMENT

Ryan is an experienced financial advisor, stock trader and manager of companies ranging from start-up businesses to large multi-billion dollar publicly traded banks. Ryan has raised hundreds of millions of dollars for dozens of companies in unique social and customised solutions. Utilizing his expertise, these companies are able to discover newly uncovered money, eliminate debt or are rewarded with a tax break. Ryan is a Father, Entrepreneur, Humanitarian, Author and Speaker/Coach for Crystal Capital. His ongoing mission is to educate Canadians on their debt, is made possible, in part, by his success in the world of finance and being a combat veteran in the Canadian Army.

Ryan has a passion for public service and helping his fellow man. He was one of the youngest patrol commanders during Canada's mission to Bosnia. Ryan has deep roots with the Salvation Army as a volunteer building an orphanage in Haiti and homes in Cuba, Barbados, and Jamaica. He was also part of a World Vision roof building team in Mexico. Here at home Ryan has participated in local food and clothing drives.

Ryan's concern for victims of drought stricken countries and the Third World water quality in Canada's First Nations communities, prompted him to create Pure Water Box. The company's mission is to meet the needs of a thirsty world. It provides specialized trailer units to purify water thus making it safe to drink.

Ryan became involved in an initiative to help the unemployed, families on social assistance and Canada's Aboriginal communities to not be left behind in the digital technology revolution. To help reduce the great digital divide and fight computer illiteracy that prevents people from reaching their full potential in the workplace. It's all about encouraging Canadians to donate computer courseware to help marginalized members of our society improve their computer skills. In the process the donors are rewarded with a tax break.
